Magnacraft® Model 55 Labeling Head

A new labeling head providing more flexibility to your mailing system and adding new conveniences to the proven Magnacraft Series 50 labeling heads.

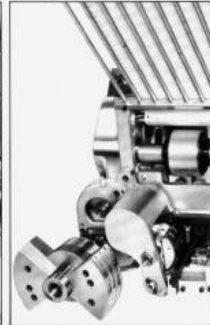

- This new design head makes your mailing system more compatible with present day mailing materials.
- Now you can handle 1", 1-1/2" or 2" labels with ease. Simple 2-step adjustment makes changeovers fast and simple. Reduces downtime to the minimum.
- No tools are required.
- Fits all Magnacraft Model 602 and 1530 Address Labelers.
- Includes universal rotary knife, providing precision cutting to labeling strip.
- The universal vacuum shoe accurately transfers the cut label to the mailing piece.

Simple relocation of drive pin sets up the ratchet drive for label width

Setting the label stop completes the 2-step width adjustment

Incorporates a universal vacuum shoe engineered to accept all label widths
